SUBJECT: WHA: INSTRUCTIONS FOR 2009 TIP INTERIM ASSESSMENT

REF: NONE

1.(U) This is an action cable; action request in paras 5 and [¶6.](#)

2.(SBU) The Trafficking Victims Protection Act, as amended in 2003, requires the Secretary of State to submit a "Special Watch List" of countries on the TIP Report that either 1) had moved up a tier on the TIP Report over the last year or 2) were ranked on Tier 2 but a) had not shown evidence of increasing efforts to address severe forms of TIP from the previous year, b) were placed on Tier 2 because of commitments to carry out additional future actions over the coming year, or c) had a significant or significantly increasing number of victims of severe forms of TIP.

3.(SBU) The "Special Watch List" has been submitted to Congress, as required, along with the President's determinations for sanctions of Tier 3 countries. The TVPA, as amended, now requires the Secretary to submit to Congress an Interim Assessment on the Special Watch List countries no later than February 1, 2010.

4.(SBU) The Interim Assessment, which the Department plans to release on January 5, 2010, will serve as a narrowly-focused progress report, assessing only a country's key deficiency(s) highlighted in the June 2009 TIP Report. Measuring progress or lack of progress in addressing these deficiencies (the basis for which the country was placed on the Watch List initially) is the main purpose of the Interim Assessment. This will not/not serve as a large-scale analysis of anti-trafficking efforts in the relevant country. Similarly, it will not describe the trafficking problem in that country (readers can refer to the 2009 TIP Report for that). Finally, it will not mention Tiers or allude to progress in achieving a higher tier or, conversely, forecast a fall to a lower tier.

5.(U) Action Request for Action Addressees: Please answer the questions addressed to your Post in para 6 in concise analytical terms, citing examples of the progress (or lack thereof) sparingly. Post's submission should not exceed four or five paragraphs. The final Interim Assessment will include a narrative of no more than half a page on each country's progress. Please provide these responses to the Department via front-channel cable -- slugged for WHA/PPC and G/TIP -- no later than November 16.

[¶6.](#) (U) Interim Assessment Requirements:
